Title: For I have Wandered

Author: Canto Canzone  
-----

For I have wandered  
many days  
Beneath the ravaged,  
rightful sun  
And so, I've found in  
many ways  
That all the roads are  
ah, but one

For every road is but  
the same  
For one leads to the  
next  
And all the world, a  
tangle, then  
Enough to leave one  
vexed.  
But if thou art but  
half a wit  
Thou surely this will  
know:  
That everywhere thou  
once has been  
Is but a place to  
someday go.~
